## How to Adhere Vinyl Lettering (October 07)

Prepare your surface by removing any dust or residue from the area the vinyl quote is to be applied.

Remove the vinyl quote from the package and position on the surface.

Once you have determined where you would like to place the quote, remove the backing, which will expose the sticky side, and position on the surface by pressing lightly.

Work out any air bubble by smoothing out the vinyl; an applicator stick or squeegee can be useful for this process.

Remove the face paper tape from the vinyl.

Your project is complete!

*Come see us and we'll show you the options available in the lettering sizes, colors, and sayings. Then we can help you make your first purchase of these very "trendy" VINYL QUOTES!*
